I have already done so. I will reinforce the request in my next communication to the HBC.

**Subject:** Letter of Support

Mark,

As Chairman of the Hanover Cabinet would you think it appropriate to poll the committee members to see if they would be willing to write a letter of support for the Wegmans Project? As you know, we have some small amount of opposition and we thought it would be nice to have a letter from groups that support local business and economic development initiatives....especially projects like this? If it is something you think would be appropriate please let me know? Thanks in advance for your consideration!

Personal Regards,
